DETAILED ACTION

Response to Arguments

Applicant's arguments, see Remarks/Arguments, filed 5/14/07, with respect to the rejection of claim 10 under 35 U.S.C. 112, second paragraph have been fully considered and are persuasive. The rejection of claim 10 under 35 U.S.C. 112, second paragraph has been withdrawn.

Applicant's arguments filed 5/14/07 have been fully considered but they are not persuasive. Applicants are reminded of the statute under 35 U.S.C 102(b) which states:

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of the application for patent in the United States, or

A rejection under 35 U.S.C. 102(b) is a statutory bar and cannot be overcome by antedating either by perfecting foreign priority and/or by declaration. Even in the instance that U.S. Application No. 09/766,520 fully provides support for the instant application, the reference JP-11-329494 was published (November 30, 1999) more than one year prior to U.S. Application No. 09/766,520, filed on January 19, 2001. Therefore the previous rejection under 35 U.S.C. 102(b) will be maintained because it cannot be overcome by antedating. The Examiner notes that applicants have not claimed priority to any foreign applications as indicated in the Oath/Declaration filed 4/19/04, where it clearly states that "No" priority is claimed on the first page of the Oath/Declaration.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-4, 8, 10, 11, 13, 15 and 17 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by the JPO Machine Translation for JP 11-329494 A (as provided by applicants with the IDS filed 12/10/03).

See paragraphs 1, 5-18, and 26-32 of the machine translation of the reference.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
